

# 2. StavEdu workshop

## Evaluation of the qualification standards - SUMMARY

(12 February 2015, 10h00 - 12h00 hod, Národný ústav celoživotného vzdelávania (NÚCŽV) Tomášikova 4, Bratislava)

Representative of NÚCŽV (from the host organisation) and the Consortia Project Manager (CPM) welcomed the experts from the working teams and provided update on the latest development in shaping the qualification standards through incorporating comments and proposals received from the experts. 4 experts from the teams could not participate in the workshop and sent their proposals to be considered.

### Summary to Point 2 of the Agenda - Update on the working teams for qualification and assessment standards:

NÚCŽV representative informed members of the expert teams and discussed the future of the teams in developing the assessment standards. It was concluded that these teams will remain in place until the assessment standards would be finalised. Representative of UVS stressed that the experts will be also invited in the teams to be working on the content of the education and training programmes.

### Summary to Point 3 of the Agenda - Draft qualification standards:

The participants reviewed the draft qualification standards and the proposals received, as well as the changes made through e-mail communication with the experts involved in developing the draft.

### Summary to Point 4 of the Agenda: Finalisation of the drafts

Further steps were agreed and the draft qualification standards will be forwarded to Internal quality evaluation team for assessment. Then the qualification standards will be forwarded to the Sectoral Skills Council in the construction sector.

### Participants: 9 experts in total (4 apologies, proposals sent in by e-mail)

- 3 experts from industry;
- 2 experts from education sector;
- 3 experts from the Authorities.
